SAVE TIME---GET THE SERVICE

Advanced Ideas Offered In Traveling

Every advancement made in railroad circles in recent years has been adopted immediately by the E. P. & S. W. Saving time and increasing the service has been the rule until today a standard has been reached that stands second to none. The traveling public has become accustomed to look upon this as the one logical Route East--- and it is.

"The Golden State" Gives the Service

The route of The Golden State Limited, the only strictly first-class train running out of El Paso to the East. This train carries electric lighted Pullman, dining and observation cars through to Kansas City, St. Louis and Chicago without change where direct connections are made with the principal lines for all Eastern points. We also operate The Californian, which carries chair cars, tourist sleeper and standard Pullman cars to Kansas City and Chicago without change.

Only a Month More of Summer Rates
